

EL CAMPO FACILITY

Warehouse and Blending Facility

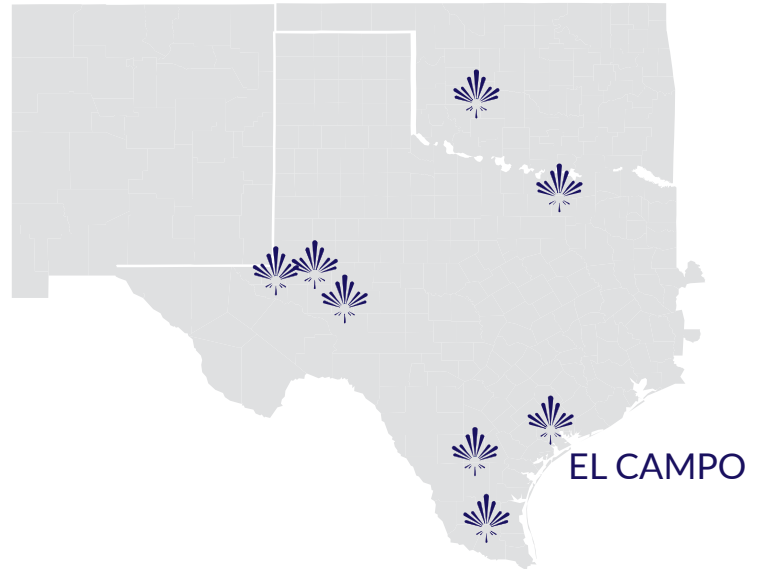

The El Campo facility in Wharton County features 14,000 square feet of warehouse space in two buildings and operates as a Proprietary Blending Facility.

FACILITY OVERVIEW

The El Campo facility services the Gulf Coast with a full blending facility and chemical warehouse.

Chemical inventory includes key drilling fluid additives including bulk barite and lost circulation material. Chemical storage is available in the 6,000 square foot warehouse, a 3,000 square foot pole barn and outdoors in dedicated areas on the acre site.

AES Drilling Fluids is constantly upgrading facilities to meet the needs of its customers. Confirm the latest capabilities and locations with an AES account manager.
