AES DRILLING FLUIDS 1788 MIDLAND FACILITY

4605 Fielder St.
Midland, TX 79707

The 1788 Midland Facility in Midland County sits over 16 acres featuring a 10,000 square foot pole barn to store and manage pallet materials. The site also features the Midland Support Services and Training Center.

The 1788 Midland Facility services the Permian Basin, storing needed equipment for the region, with the ability to handle dry sack and chemical tote materials.

The 16 acre site boasts a 10,000 square foot pole barn which has the capability to store chemical inventory, including key drilling fluid additives for oil- and water-based drilling fluids.

AES Drilling Fluids is constantly upgrading facilities to meet the needs of its customers. Confirm the latest capabilities and locations with an AES account manager.
